

# NDA 2026 Physical Fitness Requirements & Training Plan

Physical fitness is a **non-negotiable requirement** for candidates aspiring to join the **National Defence Academy (NDA)**. Clearing the **written exam alone is not enough**—you must be **physically fit to handle SSB tasks, training at NDA, and military life**.

This article provides a **comprehensive, SEO-optimised, and beginner-friendly guide** to **NDA 2026 physical fitness requirements**, including **ideal fitness standards, daily & weekly training plan, common mistakes, and FAQs**.

## Why Physical Fitness Is Crucial for NDA 2026

- Mandatory for **SSB Interview tasks**
- Required to pass **medical examination**
- Essential for surviving **rigorous NDA training**
- Reflects **discipline, stamina, and officer-like qualities**

**A fit body supports a strong mind.**

## NDA 2026 Physical Fitness - Basic Expectations

Although UPSC does not specify an official fitness test, candidates are **expected to meet basic military fitness standards** before joining NDA.

### Recommended Minimum Fitness Benchmarks

Activity	Ideal Standard
Running	2.4 km in 10-12 minutes
Push-ups	30-40
Sit-ups	40-50
Chin-ups	6-10
Squats	50+
Skipping	5-10 minutes

**⚠ These are recommended targets, not official cut-offs.**

## NDA 2026 Medical Fitness - Important Points

To be declared **medically fit**, candidates must:

- Be free from chronic diseases

- Have good eyesight (as per service standards)
- Be mentally & physically sound
- Meet height, weight & chest standards
- Have no permanent tattoos in restricted areas

□ *Medical fitness is equally important as physical endurance.*

## **NDA 2026 Physical Training Plan (Beginner to Advanced)**

This **12-week training plan** is suitable for **school, college, and beginner candidates**.

### **Phase 1: Foundation Stage (Weeks 1-4)**

#### **Goal**

- Build basic stamina
- Improve flexibility
- Develop exercise habit

#### **Daily Routine**

- Running: 1-1.5 km (slow pace)
- Push-ups: 15-20
- Sit-ups: 20-25
- Squats: 25-30
- Stretching: 10 minutes

□ Time Required: **30-40 minutes/day**

### **Phase 2: Strength & Endurance (Weeks 5-8)**

#### **Goal**

- Increase strength

- Improve running speed
- Prepare for SSB activities

## Daily Routine

- Running: 2-2.5 km
- Push-ups: 25-30
- Sit-ups: 35-40
- Chin-ups: 4-6
- Plank: 1-2 minutes

□ Time Required: **45-60 minutes/day**

---

## Phase 3: Advanced Conditioning (Weeks 9-12)

### Goal

- Reach NDA-level fitness
- Build confidence & stamina

## Daily Routine

- Running: 3 km (target time-bound)
- Push-ups: 35-40
- Sit-ups: 45-50
- Chin-ups: 8-10
- Burpees & skipping

□ Time Required: **60-75 minutes/day**

---

## Weekly Training Schedule (Sample)

Day  
Monday  
Tuesday

Focus  
Running + Upper body  
Core & legs

Day	Focus
Wednesday	Endurance run
Thursday	Strength training
Friday	Speed & agility
Saturday	Light workout + stretching
Sunday	Rest / active recovery

---

## Flexibility & Injury Prevention

- Warm-up before exercise
- Stretch after workouts
- Maintain correct posture
- Increase intensity gradually

*Avoid sudden overtraining.*

## Diet & Recovery Tips for NDA Aspirants

### Recommended Diet

- Carbohydrates: Rice, roti, oats
- Proteins: Eggs, milk, pulses, nuts
- Fruits & vegetables
- Adequate hydration (3-4 litres/day)

### Sleep

- Minimum **7-8 hours daily**
- Essential for muscle recovery

## Common Mistakes to Avoid

- Ignoring physical training until after written exam
- Overtraining without rest
- Skipping warm-up & stretching
- Poor diet & irregular sleep
- Comparing progress with others

# How Physical Fitness Helps in SSB Interview

- Better performance in GTO tasks
- Higher stamina during outdoor activities
- Improved confidence & body language
- Positive impression on assessors

## Fitness Tips for School & College Students

- Use morning hours for fitness
- Combine studies + workout schedule
- Be consistent, not extreme
- Track weekly progress

## Frequently Asked Questions (FAQs)

### Q1. Is physical fitness compulsory for NDA 2026?

Yes. Fitness is essential for **SSB and medical clearance**.

### Q2. Is there a physical test before NDA written exam?

No. Physical fitness is tested during **SSB & medical stage**.

### Q3. When should I start physical training for NDA?

Ideally **6-12 months before SSB**.

### Q4. Can overweight candidates clear NDA medical?

Candidates must meet **height-weight standards** to be declared fit.

### Q5. Is gym necessary for NDA physical preparation?

No. **Bodyweight exercises and running** are sufficient.

## Conclusion

The **NDA 2026 physical fitness requirements and training plan** are not about

becoming a bodybuilder, but about developing **stamina, strength, discipline, and mental toughness**. Start early, train smart, eat right, and stay consistent—your body should be as prepared as your mind 🌟🌟🌟.
