

NDA-I 2026 Exam - Mistakes to Avoid During Preparation

Introduction

The **NDA-I 2026 Exam**, conducted by UPSC, is one of the most sought-after defence exams in India. Lakhs of candidates appear every year, but only a small percentage clear both the **written exam** and the **SSB interview**.

The difference between success and failure often comes down to **avoiding common mistakes** during preparation. In this article, we highlight the **top mistakes NDA aspirants make, how to avoid them, and strategies to prepare smartly**. We'll also share how **Victor Growth Coaching** helps students stay disciplined, confident, and exam-ready.

Top Mistakes to Avoid in NDA-I 2026 Preparation

1. Ignoring the Exam Pattern and Syllabus

- Many aspirants start preparation without clearly knowing the NDA syllabus.
- NDA consists of **Mathematics (300 marks)** and **GAT (600 marks)**, plus SSB Interview.

💡**Tip:** Go through the official syllabus and UPSC pattern before starting. Create a checklist of topics.

2. Focusing Only on Mathematics

- Maths is important, but GAT carries **double the weightage** (600 marks).
- Ignoring English, Physics, Chemistry, Biology, History, and Current Affairs can cost selection.

💡**Tip:** Allocate equal time to **Maths and GAT**. Practice English daily and stay updated on GK.

3. Lack of Time Management

- Many students waste time on one subject or attempt too many guesswork questions.
- This leads to negative marking and poor scores.

☐☐**Tip:** Practice mock tests to learn **time allocation and accuracy**. Attempt easy questions first, then move to difficult ones.

4. Skipping Mock Tests and PYQs

- Some aspirants only revise theory without solving **Previous Year Question Papers (PYQs)** or mock tests.
- This results in exam-day panic due to unfamiliarity with question style.

☐☐**Tip:** Solve at least **10-15 full-length NDA mock tests** before the exam.

5. Overlooking English Vocabulary and Grammar

- English accounts for **200 marks** in GAT, yet many ignore it.
- Poor grammar and weak vocabulary reduce chances of scoring.

☐☐**Tip:** Learn **10-15 new words daily**, revise grammar rules, and practice comprehension passages.

6. Not Revising Regularly

- Studying without revision makes you forget important formulas and facts.
- Last-minute cramming never works for NDA's vast syllabus.

☐☐**Tip:** Revise weekly. Maintain a **formula sheet and GK flashcards**.

7. Neglecting Current Affairs

- Many aspirants skip newspapers and rely only on static GK.
- UPSC frequently asks about defence news, international relations, and government policies.

☐☐**Tip:** Read **daily newspapers**, and revise monthly current affairs magazines.

8. Avoiding Physical Fitness and SSB Preparation

- NDA selection doesn't end with the written exam. SSB Interview and medical fitness are equally crucial.
- Ignoring fitness, confidence-building, and communication can lead to rejection.

☐☐**Tip:** Start physical training early (running, pushups, endurance drills). Practice group discussions and mock interviews.

9. Depending Too Much on Guesswork

- NDA has negative marking: -0.83 (Maths), -1.33 (GAT).
- Random guessing reduces overall score.

☐☐**Tip:** Attempt only questions you are reasonably sure about. Accuracy matters more than number of attempts.

10. Not Seeking Expert Guidance

- Self-study helps, but without proper mentorship, many aspirants study in the wrong direction.
- Lack of strategy and discipline lowers success chances.

☐☐**Tip:** Join a **reputed NDA coaching institute** like Victor Growth for structured preparation, expert guidance, and mentorship.
